Unique Clamping and Kneading Massage Mechanism

allows deep kneading to simulate manual massage techniques that squeeze and knead acupuncture points deep in the muscles

Core Technology of Massage Chair

Unlike other neck massagers that use rollers, R5 features the core technology of a massage chair on the neck for simultaneous massage of multiple acupoints

Hot Compress

with simultaneous compression on the shoulder and neck to penetrate the muscles

Ergonomic Design

that fits the shape of the neck, prevents twisted neck, and reduces the compression of the cervical spine

360° Three-Dimensional Support

for head and neck

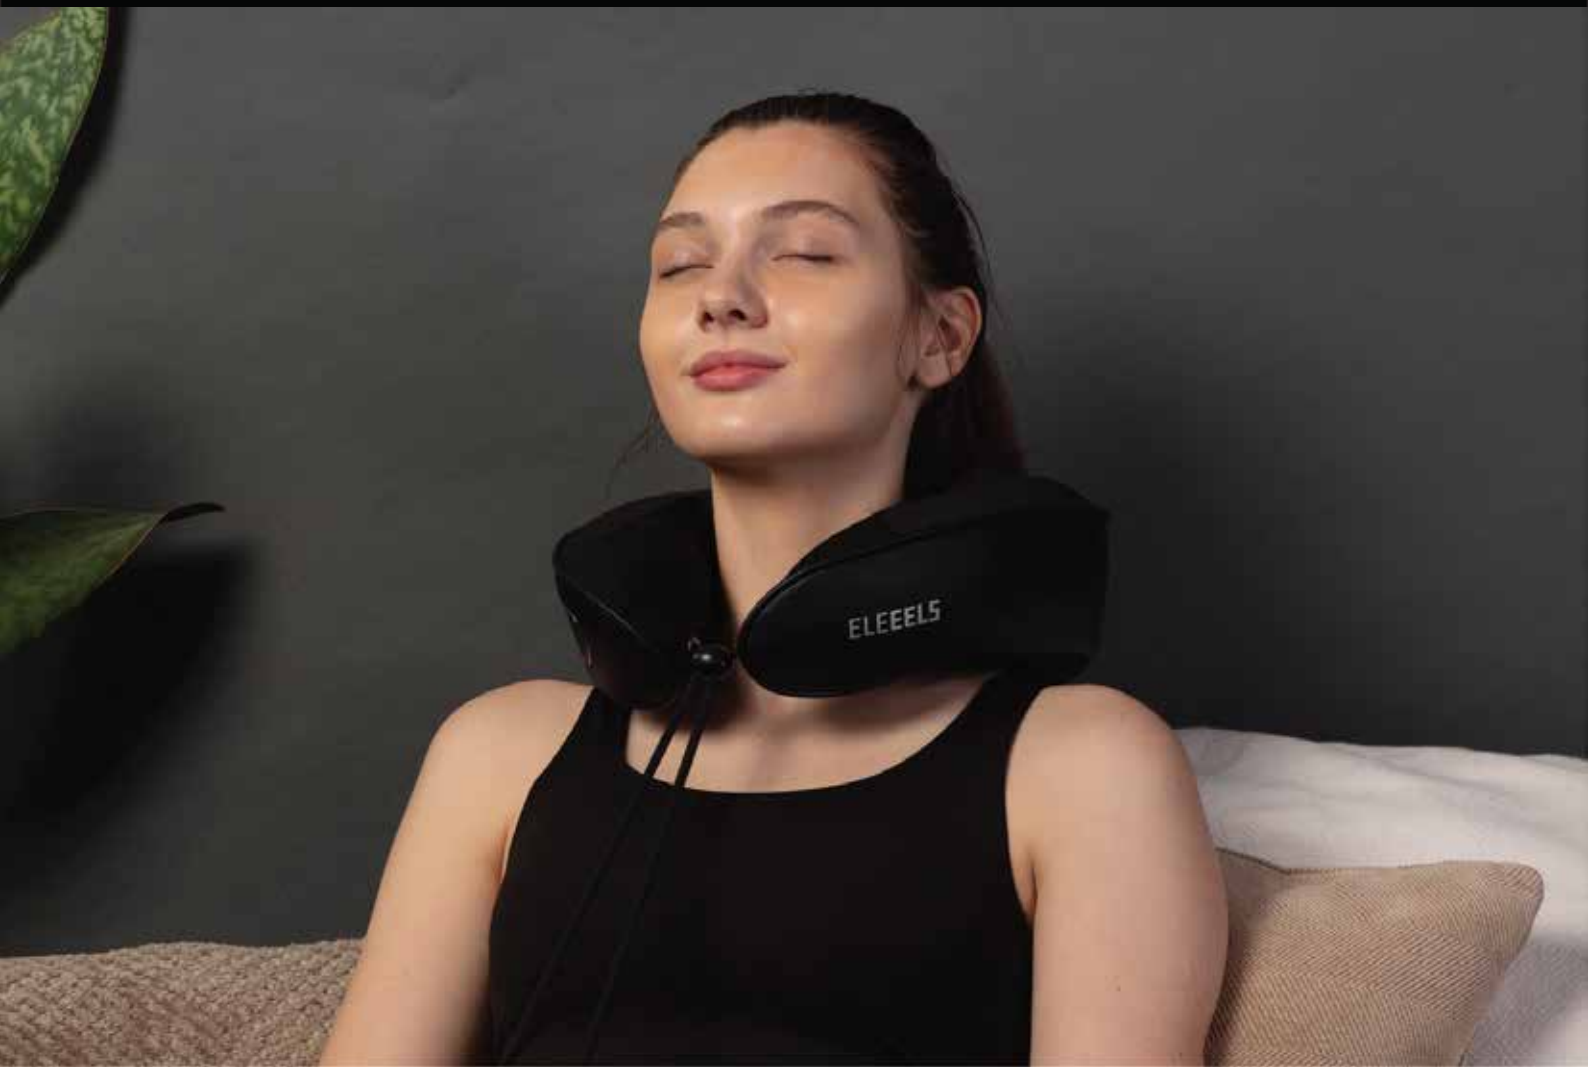

Soft and Skin Friendly Materials

breathable, durable, comfortable to wear and easy to clean
