

**Performant purification. Designed around you.**

Enjoy a cleaner home with our first range of multilevel air purifiers, designed to be placed on the floor or hung on the wall to save space. The curated fabric covers from Kvadrat1 for the front panel allow a tasteful customization.

**Product Benefits & Features****The finishing touch to your home**

With a distinct design and various textile covers, Well A7 is designed to blend in, be it in the bedroom or living room. The sound level of 23 dB(A)<sup>2</sup> is similar to soft rain so as not to disturb the ambience.

**Lightweight, portable and adaptable**

Take the one hand portable Well A7 to whichever room needs it most and customize it<sup>3</sup> to pop out or blend in. Place it on its two legs so it can stand in a reclined position on the floor or hang on the wall to save floor space.

**Performant five-step air purification**

The five-stage air purification system enables the capture of up to 99,97% of particles as small as 0,3 micrometer ( $\mu\text{m}$ ) in size<sup>4</sup>.

**360-degree air flow system**

The Well A7's air flow system offers 360-degree air intake – covering the edges of the front panel – a 3D fan and five-stage air filtration.

**Stay connected and in control**

Control and schedule specific tasks with the Electrolux Wellbeing app. Sensors for particles( PM1, 2.5, 10) and Total Volatile Organic Compounds enable Well A7 in Smart mode to adjust its cleaning speed based on the values it detects in your home.

**Product Specification**

CADRSmoke	285
CADRPollen	340
CADR Dust	289
Connectivity	Yes
MaxAreaServed	24
MaxAreaServedB	59
IncludedFilter	ultrafine particule filter carbon filter
AirCleaner_NoiseMinMax	23.3 - 49
Cord length external	2
Family	Well A7
Main colour	Dark Grey
