Spa at Home

S1 helps you unwind, relax and recharge anywhere you are. Transform your home into an oasis, connect with ancient elements and timeless rituals.

Eight Basalt Hot Stones

S1 comes with a total of 8 hand polished stones in 3 sizes, made with basalt, a volcanic rock with significant amounts of iron ore, magnesium, and silica to provide superior heat retention.

Temperature Control

With 2 heat levels (48°C and 55°C) delivered by 8 independent heater plates each with a dedicated heat sensor, S1 heats up in 10 minutes.

Full Body Massage

S1 is there to release your tension from head to toe for relax, release, and rejuvenate. It could also give your partner a relaxing massage and enjoy a romantic moment together.

Ambient Light Therapy

S1 features built-in LED ring lights with 7 colors, 3 intensity levels, and 3 lighting modes to improve the quality of sleep, ease depression symptoms and increase energy levels.

Aromatherapy

S1 comes with a bottle of Australian aromatic massage oil using premium herbs and botanicals for a unique sensory experience, and provides a smoother and more pleasurable hot stone experience.

Intimacy at your Fingertips

Create intimacy and bonding with your partner, give him/her a hot stone massage to relax after a busy day and deepens emotional connection together.

Mind and Body Relaxation

Ancient healing techniques to connect your mind and body and find balance, calmness, comfort and intimacy like you've never felt before with the S1 Hot Stone Set.

Endorphin Boost

During hot stone massage, large amounts of endorphins are released into the bloodstream. The wearied and worried mind has been converted into the restful, placid, and refreshed mind.
